DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Objections

Claims 4-11 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim can not depend upon another multiple dependent claim. See MPEP § 608.01(n). Accordingly, the claims 4-11 have not been further treated on the merits.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the independently claimed radiant panel including a movable bar engaging orifices from first and second projections serving to press a grill or grille against a frame with the feature of a first end of the bar comprising a first tooth sized so as to be able to pass through the orifice whilst making the bar pivot and abut against the projection when the bar passes through the orifice, the bar also comprising a flexible blade arranged so as to limit the movement of the bar when, in the grille fixing position, it passes through the orifices in the pair of projections to which it has been allocated is not found in the prior art either singly or in combination. The closest prior art is considered reference A, cited in this action. References B through G, also cited in this action, are considered to disclose relevant matter associated with the claimed invention, but are not considered to provide sufficient motivation to combine those disclosures with the considered closest

prior art. The considered patentably distinction is found in the sole first claim presented for examination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

This application is in condition for allowance except for the following formal matters:

Cancellation of improper multiple dependent claims 4-11.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
